Define Problem Statements (Customer Problem Statement Template):

Governments and policy makers require accurate indicators to evaluate a country's development status. Calculating and analyzing HDI manually from large datasets is time-consuming and complex.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A male applicant seeking a loan.	Secure a loan for the property	Married with no co-applicant income.	Self-employed with a good credit history.	Optimistic about loan approval.
